General instructions on how to print the design onto fabric, how to place your design inside a hoop, how to embroider words and letters, names and sentences and how to make the stitches would be found in these books

Embroider the letter L as shown on page 82 and 83 and complete the rest of the word as shown on page 47 and 48.

Use the embroidered piece to make a lovely card, cover a journal, sew the block onto a teddy bear or baby blanket, make a lid for a trinket box, turn it into a herb cushion, use it in a quilt, whatever takes your fancy!

Hope you have fun!
